### **Article IV Section 3 United States Constitution states:**

*New States may be admitted by the Congress into this Union; but no new States shall be formed or erected within the [Jurisdiction](#) of any other State; nor any State be formed by the Junction of two or more States, or parts of States, without the Consent of the Legislatures of the States concerned as well as of the Congress.*

### **Statement of Intent**

# **New California Declaration of Independence of January 15, 2018 states:**

## Statement of Facts

The people of California are suffering from a tyrannical communist state government which fails to provide a republican form of governance, enables and supports across it's southern border the invasion of the United States of America by illegal foreign nationals and protects vicious criminals who commit outrageous acts of violence upon the Citizens of America. All caused by a government of and for a mono party system lead by a tyrannical dictator.

## Declaration of Grievance

United States Constitution Article IV Section 4 States in part:

***The United States shall guarantee to every state in this union a republican form of government, and shall protect each of them against invasion; and on application of the legislature, or of the executive (when the legislature cannot be convened) against domestic violence.***

### **Failure of the government of California to protect against invasion**

The communist California governor, the communist mono party system working side by side with local communist officials have used the tools of government to open the southern border of California and entice vicious criminal organizations who traffic millions of illegal foreign nationals from throughout Mexico, Honduras, El Salvador, other Central, South American countries and the middle east.

The net effect has been to create a multi-billion dollar industry which traffics infants, children, teens and adults into slavery with the goal to profit from their misery and destroy the sovereignty of the state of California as a state and threaten the Union of the United States of America.

The communist California governor and the communist mono party government are not only working side by side with local communist officials who are colluding with well organized criminal cartels but also leaders of foreign countries who are trafficking in human flesh into slavery.

The communist California governor has *never discouraged illegal foreign nationals who suffer incredible misery even death and who pay billions of dollars to criminal gangs and foreign governments from around the world to be trafficked into slavery in California.*

Its a clear signal the communist California governor is working along side other communist leaders when Mexican presidential candidate Andrés Manuel López Obrador (AMLO) declared mass immigration to the United States a “human right” for all North Americans during a recent campaign speech.

Andrés Manuel López Obrador stated:

*“And soon, very soon — after the victory of our movement — we will defend all the migrants in the American continent and all the migrants in the world,” Obrador said, adding that immigrants “must leave their towns and find a life in the United States.”*

The communist California governor has worked diligently over the last eight years to encourage mass migration of illegal foreign nations by creating compacts with communist foreign governments and encouraging California government leaders to visit these countries controlled by dictators who profit from the trafficking of human flesh into modern day slavery.

Utilizing *Marxist-Leninist* and *Maoist revolutionary tactics* the communist California governor, mono party system and local government officials support and celebrate these tactics as a means to introduce and subvert all aspects of California government and civil society in an attempt to destroy the State of California and breakdown the sovereignty of the Union of the United States of America.

### **Acts of Secession**

Therefore the California communist government in conjunction with the communist state executive, instituted wherever the current communist governor has usurped power has created a reign of terror on United States Citizens living in California with the intent to **secede** from the United States of America and thus destroy the very **Union of States** which gives Us our **Liberty and Freedom**.

### **Abdication of Authority**

Betrayal by the sitting communist governor of California the mono party legislature and local elected officials is evidence of **abdication** of their **responsibilities** of **authority** and **sovereignty** over the State and Citizens of the United States living in California.

**This concludes these proceedings.**
