October 22, 2019

New California is a new state in development exercising its Constitutional Right to form from the State of California. The process to form New California is authorized and codified in Article IV Sections 3 & 4 of the United States Constitution.

Statement of Intent

The Citizens of New California have decided to remedy the abuse of power by the government of California by exercising their right to form a new state provided in United States Constitution Article IV Sections 3 and Section 4.

“We are determined to live under a State Government in the United States of America and under the Constitution of the United States.”

New California Declaration of Independence of January 15, 2018 states:

“Whenever any Form of Government becomes destructive it is the Right of the People to alter or to abolish it, and to institute new Government.

When a long train of abuses and acts to seize and hold the people’s power without legal authority and pursuing invariably the same Object that clearly demonstrates a design to reduce them under absolute Despotism, it is their Right, it is their Duty, to throw off such Government, and to provide new Guards for their future security.

Preamble of the New California State Constitution states:

We, the representatives of the undersigned Counties within the State of California, do acknowledge and humbly invoke the favor of Almighty God for continued civil and religious liberty to ourselves and our posterity....

First Amendment of the United States Constitution states:

"Congress shall make no law respecting an establishment of religion, or prohibiting the free exercise thereof; or abridging the freedom of speech, or of the press; or the right of the people peaceably to assemble, and to petition the government for a redress of grievances."

NEW CALIFORNIA

State of New California

Grievance 91

Declaration of Grievance Statement of Facts

The people of California are suffering from a tyrannical state government which fails to provide a republican form of governance, enables and supports across its southern border the invasion of the United States of America by illegal foreign nationals and protects vicious criminals who commit outrageous acts of violence upon the Citizens of America all caused by a government of and for a mono-party system lead by a tyrannical dictator who openly defies federal law.

California State Government is in Direct Violation of the Following:

United States Constitution Article IV Section 4

"The United States shall guarantee to every state in this union a republican form of government, and shall protect each of them against invasion; and on application of the legislature, or of the executive (when the legislature cannot be convened) against domestic violence."

United States Constitution Article VI

This Constitution, and the Laws of the United States which shall be made in Pursuance thereof; and all Treaties made, or which shall be made, under the Authority of the United States, shall be the supreme Law of the Land; and the Judges in every State shall be bound thereby, any Thing in the Constitution or Laws of any State to the Contrary notwithstanding.

ORDER OF THE DAY

DESTROY CITIZENSHIP

California acting as a mono-party state dominated by socialist executive officers and communist legislators has become the model for where socialism will go when completely unchecked.

Jarrett Stepman of the Daily Signal recently wrote:

“The United State has rules, regulations and laws. Under Federal law, a citizen may not assist or support an illegal alien—no housing, no vouchers, only emergency health care. The State of California is a nation unto itself. It sets its own rules in re: the environment, justice, tax policy, cars, and roads and does not need to follow the law when voters support gas tax money for roads, then uses the money for money losing, rider losing government transportation system.

In the last session of the Legislature the Politburo passed a law saying that illegal aliens, lawbreakers, are allowed to serve on Commission. San Fran, Berkeley and other places are looking at allowing illegal aliens to vote for city council, school board and other non-partisan races. Why become a citizen, pay taxes and obey the law—when these folks break the law each day?

“The law allowing illegal immigrants to serve on boards and commissions will have all kinds of complications in implementation. If exercised, it could run afoul of federal laws and would certainly attract the attention of Immigration and Customs Enforcement. absurd piece of legislation coming from an absurd state that is squandering the benefits of its naturally advantageous climate.

Combine this with the fact that the powers that be in the state outright encourage people to break our country’s laws, and it demonstrates how far California is drifting from a nation of “we, the people of the United States.”

The socialist governor, called this blatant disregard for federal law a sign of “respect” to immigrants.”

Sacramento is telling cities that follow this new law to ignore the Federal law. The only question is when will California announce a request to join the United Nations as a member State?

Now, even the basic concept of citizenship is under full-blown assault as the state has moved on from being a “sanctuary state” for illegal immigrants to outright insisting that noncitizens have the same access to the levers of power as citizens.

With citizenship come rights and responsibilities. It’s every bit as ridiculous to suggest that a noncitizen can participate in American government as it is to suggest that citizens of other nations can be forced into jury duty here or to serve in our military.

As middle-class Americans flee the dysfunction of California, it’s worth asking: Is the state actively hostile to the interests of its own legal residents?

By reducing the idea of citizenship to the point of meaninglessness, California is signaling that one would be a fool to invest in its future, to be part of a larger community that works to ensure the blessings of liberty not only for themselves, but for posterity.

As Victor Davis Hanson, a Californian and historian, correctly observed, the California government—completely saturated with the progressive worldview—has become both dysfunctional and predatory”.

There is one hope and that is a new constitution that the State of New California will provide to those in New California State.

California's mono-party political machine, its socialist Governor, along with state legislators, socialist elected officials, agencies, and unelected regional governance boards, are colluding to create a pure totalitarian communist California state in direct violation of both Article IV, Section 4 and Article VI of the United States Constitution.

Insurrection

The government of California, the current socialist governor and mono-party system along with local officials are following a coordinated design with the intent to actively engage in **acts of insurrection** against the U.S. Constitution.

The **Insurrection Act of 1807** is a United States federal law that governs the ability of the President of the United States to deploy military troops within the United States to put down lawlessness insurrection, and rebellion.

Acts of Secession

Therefore the California government in conjunction with the socialist state executive, instituted wherever the current socialist governor has usurped power has created a reign of terror on United States Citizens living in California with the intent to **secede** from the United States of America and thus destroy the very **Union of States** which secures our **Liberty and Freedom**.

Abdication of Authority

Betrayal by the sitting socialist governor of California the mono-party legislature and local elected officials is evidence of **abdication** of their **responsibilities** of **authority** and **sovereignty** over the State and Citizens of the United States living in California.

Prayer

The Citizens of New California State Pray for the President to exercise his authority under the Insurrection Act of 1807 to end the tyranny being foisted upon the United States Citizens living in California State.

This concludes these proceedings. *newcaliforniastate.com* (877) 828 2753
