Statement of Intent

The Citizens of New California have decided to remedy the abuse of power by the government of California by exercising their right to form a new state provided in United States Constitution Article IV Sections 3 and Section 4.

“We are determined to live under a State Government in the United States of America and under the Constitution of the United States.”

New California Declaration of Independence of January 15, 2018 states:

“Whenever any Form of Government becomes destructive it is the Right of the People to alter or to abolish it, and to institute new Government.

*When a long train of abuses and acts to seize and hold the people’s power without legal authority and pursuing invariably the same Object that clearly demonstrates a design to reduce them under absolute Despotism, it is their **Right, it is their Duty**, to throw off such Government, and to provide new Guards for their future security.*

*The history of the present Governor and Government of California is a history of repeated injuries and usurpations, all having in direct object the establishment of a **Tyranny** over the Counties of New California and the State of California.*

Preamble of the New California State Constitution states:

*We, the representatives of the undersigned Counties within the State of California, **do acknowledge and humbly invoke the favor of Almighty God for continued civil and religious liberty to ourselves and our posterity....***

First Amendment of the United States Constitution states:

“Congress shall make no law respecting an establishment of religion, or prohibiting the free exercise thereof; or abridging the freedom of speech, or of the press; or the right of the people peaceably to assemble, and to petition the government for a redress of grievances.”

Fourth Amendment of the United States Constitution states:

The right of the people to be secure in their persons, houses, papers, and effects, against unreasonable searches and seizures, shall not be violated, and no warrants shall issue, but upon probable cause, supported by oath or affirmation, and particularly describing the place to be searched, and the persons or things to be seized.

STATE OF NEW CALIFORNIA DECLARATION OF TRUTH 1 DAY

The people of California are suffering from a tyrannical state government which fails to provide a republican form of governance, enables and supports across its southern border the invasion of the United States of America by illegal foreign nationals and protects vicious criminals who commit outrageous acts of violence upon the Citizens of America all caused by a government of and for a mono-party system lead by a tyrannical pusillanimous dictator who openly defies federal law.

CALIFORNIA STATE VIOLATES:

United States Constitution Article IV Section 4

"The United States shall guarantee to every state in this union a republican form of government, and shall protect each of them against invasion; and on application of the legislature, or of the executive (when the legislature cannot be convened) against domestic violence."

United States Constitution Article VI

"This Constitution, and the Laws of the United States which shall be made in Pursuance thereof; and all Treaties made, or which shall be made, under the Authority of the United States, shall be the supreme Law of the Land; and the Judges in every State shall be bound thereby, any Thing in the Constitution or Laws of any State to the Contrary notwithstanding."

First Amendment, United States Constitution

"Congress shall make no law respecting an establishment of religion, or prohibiting the free exercise thereof; or abridging the freedom of speech, or of the press; or the right of the people peaceably to assemble, and to petition the government for a redress of grievances."

Fourteenth Amendment, United States Constitution

Section 3. No Person shall be a Senator or Representative in Congress, or elector of President and Vice-President, or hold any office, civil or military, under the United States, or under any State, who, having previously taken an oath, as a member of Congress, or as an officer of the United States, or as a member of any State legislature, or as an executive or judicial officer of any State, to support the Constitution of the United States, shall have engaged in insurrection or rebellion against the same, or given aid or comfort to the enemies thereof. But Congress may by a vote of two-thirds of each House, remove such disability.

DECLARATION OF TRUTH

1 DAY

The State of California is in constitutional default and does not have constitutional standing as a member state in the union of states called the United States of America. We the People as citizens of the United States living in California are following the process of West Virginia, which successfully restored the Virginia state government after the Wheeling Conventions of 1861. Congress admitted California into the Compact of Statehood within the United States of America in 1850 because their 1849 Constitution, ratified for consideration, guaranteed a *republican* form of government.

The Guarantee Clause imposes limitations on the *type* of government a state may have. The Clause requires the United States to prevent any state from imposing rule by monarchy, dictatorship, aristocracy, or permanent military rule, even through majority vote.

Instead, governing by electoral processes is constitutionally required. Of course, this limitation upon state governments also prohibits them from having pure democracies, where the majority is unrestricted by a constitution, where those who have the money, media, and other means to sway the majority can impose their collective will upon the minority by various means, such as influencing election outcomes. Yet Californians have witnessed this type of manipulation for more than half a century.

So if California is not a republic, then what form of government is controlling the lives of Californians?

So *now* the state of California and most of the states from around the country have established the 2 month election “vote” cycle that saturates the state with mail in ballots by the millions more than the state has in population of registered voters then over 60 days electronically manipulates the outcome of every race in California virtually by internet connectivity working in conjunction with foreign countries.

The result: massive fraud and disenfranchisement being reported from all counties around the state. While there is massive voter fraud and disenfranchisement being reported by the citizens *those government officials benefiting most from the very fraud they are committing against the citizens claim there is “nothing to see here” as they stay in power and benefit from their crimes.*

While California takes months to count ballots, Florida and Texas take a single day, **1 DAY**. And it’s not just Florida and Texas: nearly every other state is also done counting. As a result, the nation’s entire balance of power remains uncertain because California fails to release the election outcomes for weeks after “election” day.

As with our roads, schools, and so much more, the performance of California's government is uniquely inept.

The true purpose of all Government is to promote the Welfare and to provide for the Protection and Security of the governed; and when any form or organization of government proves inadequate for, or subversive of this purpose, it is the Right - it is the Duty of the governed to abolish it.

The Citizens of the State of California understand the Founders sought to make sure that, not only would the federal government remain a republic, but that the states who were admitted to the Union would have to be republican as well.

The Guarantee Clause of the United States Constitution (Article IV, Section 4) requires that each state of the Union provide a Republican form of government: ***The United States shall guarantee to every State in this Union a Republican Form of Government, and shall protect each of them against Invasion; and on Application of the Legislature, or of the Executive (when the Legislature cannot be convened) against domestic Violence.***

The citizens of the State of New California, having affirmed by prior Resolutions that the current State of California has failed to discharge its duty to the citizens as a republican form of government, choosing instead to govern as a *pure* totalitarian *democracy*, are affirming that it is the right of free citizens to replace the failed State of California, through the erection of a new separate state.

The people of the State of New California, by their delegates assembled, do seek ratification of an act by the General Assembly of the Restored Legislature of California, that consent be given to the formation and erection of the State of New California, within the boundaries of the State of California, to include the aforementioned counties.

We can discuss the merits of the Founding Fathers the Declaration of Independence, the Constitution and the Bill of Rights on a culture and a Country. We can discuss the morality of our existence and the morality that a government guided by a people who have God Given Rights but when a state resorts to the degradation of its people by all forms of political carpet baggers ***The People's Right and Duty to Change such government becomes mandatory.***

“We, the citizens of the State of New California, and the sovereign Counties that lie within, united by our United States Constitution declare that this newly formed and sovereign State and “this nation, under God, shall have a new birth of freedom—and that government of the people, by the people, for the people, shall not perish from the earth.”

The evidence is now clear that patterns and acts of **DISLOYALTY** are on full display daily against ***We the People of California and We the People of the United States.*** Not only on the federal level but on the state and local level as well from City Council, County Board of Supervisors, School Boards which have become hot beds of open seditious disloyalty against all of their constituents and the Constitution of the United States.

**For those who don't understand the United States Constitution the
"Government" is "We the People".**

In New California State, we echo the thoughts, convictions, principles, and ideals of the Founders of the United States of America. **We the People** will retain our humanity, our natural and unalienable rights, and our autonomy, free from the shackles of slavery to *any form of government*.

**The overt nature of their totalitarian lust for control of every aspect
of the lives of "We the People" is now openly on display.**

ACTS OF INSURRECTION

The government of California, the current socialist governor/dictator and mono-party system along with local officials are following a coordinated design with the intent to actively engage in "*Acts of Insurrection*" against the U.S. Constitution.

ACTS OF SECESSION

The California government in conjunction with the socialist state executive, instituted wherever the current socialist governor/dictator has usurped power has actively engaged in "Acts of Secession" and have created a reign of terror on United States Citizens living in California with the intent to **secede** from the United States of America to thus destroy the very **Union of States** which secures our **Liberty and Freedom**.

ABDICATION OF AUTHORITY

Betrayal by the sitting **pusillanimous** socialist governor/dictator of California the mono-party legislature and local elected officials is evidence of "Abdication of their Responsibilities of Authority and Sovereignty" over the Citizens of the United States living in California State.

This concludes these proceedings.

New California State is a new state in development forming from the State of California. New California State is exercising its God Given Rights as declared in the 1776 United States Declaration of Independence and as ratified in the 1789 United States Constitution under Article IV Section 3. New California is the making of a new state just like 50 other states have been formed to make Union of States.
