Chapter II

Grievance 8

June 16, 2020

New California is a new state in development exercising its Constitutional Right to form from the State of California. The process to form New California is authorized and codified in Article IV Sections 3 & 4 of the United States Constitution.

Statement of Intent

The Citizens of New California have decided to remedy the abuse of power by the government of California by exercising their right to form a new state provided in United States Constitution Article IV Sections 3 and Section 4.

“We are determined to live under a State Government in the United States of America and under the Constitution of the United States.”

New California Declaration of Independence of

January 15, 2018 states:

“Whenever any Form of Government becomes destructive it is the Right of the People to alter or to abolish it, and to institute new Government.

*When a long train of abuses and acts to seize and hold the people’s power without legal authority and pursuing invariably the same Object that clearly demonstrates a design to reduce them under absolute Despotism, it is their **Right, it is their Duty**, to throw off such Government, and to provide new Guards for their future security.*

Preamble of the New California State Constitution states:

We, the representatives of the undersigned Counties within the State of California, do acknowledge and humbly invoke the favor of Almighty God for continued civil and religious liberty to ourselves and our posterity....

First Amendment of the United States Constitution states:

"Congress shall make no law respecting an establishment of religion, or prohibiting the free exercise thereof; or abridging the freedom of speech, or of the press; or the right of the people peaceably to assemble, and to petition the government for a redress of grievances."

Fourth Amendment of the United States Constitution states:

The right of the people to be secure in their persons, houses, papers, and effects, against unreasonable searches and seizures, shall not be violated, and no warrants shall issue, but upon probable cause, supported by oath or affirmation, and particularly describing the place to be searched, and the persons or things to be seized.

The Counties of New California State brought forward 95 Chapter I Grievances between January 2018 and November 2019. On April 28, 2020 New California State will issue 95 additional Chapter II Grievances to be announced in public on Tuesdays at 11:00 am.

Chapter II

Grievance 8

Declaration of Grievance

Statement of Facts

The people of California are suffering from a tyrannical state government which fails to provide a republican form of governance, enables and supports across its southern border the invasion of the United States of America by illegal foreign nationals and protects vicious criminals who commit outrageous acts of violence upon the Citizens of America all caused by a government of and for a mono-party system lead by a tyrannical dictator who openly defies federal law.

California State Government is in Direct Violation of the Following:

United States Constitution Article IV Section 4

"The United States shall guarantee to every state in this union a republican form of government, and shall protect each of them against invasion; and on application of the legislature, or of the executive (when the legislature cannot be convened) against domestic violence."

United States Constitution Article VI

This Constitution, and the Laws of the United States which shall be made in Pursuance thereof; and all Treaties made, or which shall be made, under the Authority of the United States, shall be the supreme Law of the Land; and the Judges in every State shall be bound thereby, any Thing in the Constitution or Laws of any State to the Contrary notwithstanding.

Fourth Amendment of the United States Constitution

The right of the people to be secure in their persons, houses, papers, and effects, against unreasonable searches and seizures, shall not be violated, and no warrants shall issue, but upon probable cause, supported by oath or affirmation, and particularly describing the place to be searched, and the persons or things to be seized.

ORDER OF THE DAY

THE DICTATOR YIELDS

The history of the current dictator of California is one characterized by betrayal, treasonous relationships with foreign agents who has associated himself with known designated terrorists and has even become an active participant in the effort to overthrow this state and this nation. After 25 years of denial by the California State legislature there are now desperate cries coming from the state capital for help. Help has been found in the County Superior Courts.

Katy Grimes from Cal Globe reported in part:

“A Sutter County Superior Court Judge granted a temporary block on California Governor’s Executive Order that requires all registered California voters to receive a mail-in ballot for the upcoming November election, Two California Assemblymen were granted a Temporary Restraining Order against the Governor suspending Executive Order N-67-20 regarding the conduct of elections, *and further restrains him from “exercising any further legislative powers in violation of the California Constitution and applicable statute, specifically from unilaterally amending, altering, or changing existing statutory law or making new statutory law,”*”

“Among other things, the Governor’s unlawful Executive Order deprived Californians with disabilities of their statutory right to participate in election planning through a publicly noticed meeting. A legislative process will let us hear from the disability community. *This is a victory for separation of powers.* The Governor has continued to issue orders without public input and without the deliberative process provided by the Legislature. **Today the judicial branch finally gave him the check that was needed and that the Constitution requires.**”

Monday, the Sacramento Bee published a column titled, “Hypocrisy check: Those Republicans fighting the Governor on vote-by-mail? That’s how they vote.” The beef by the Bee is that Assemblymen vote-by-mail. That apparently makes them hypocrites for suing the governor over his order forcing every California voter to vote-by-mail.

When the governor signed the executive order requiring every voter in the state to vote-by-mail in the November 2020 election, he bragged that he was the first governor in the country to do this.

“The Governor boasts California is the “first state” to make this change,” one of the Assemblymen Tweeted. “Perhaps that’s because other states are still functioning democracies, where new laws need to pass a Legislature.””

The op-ed is *evidence provided by the impartial legislative analyst and the legislature that the governor has usurped all power and authorities from the legislative branch of government into the executive branch. This now means there are only two branches of government in the state; the executive and the judicial*".

The California Governor is still a pusillanimous craven dictator whose words and actions are still a grave danger to all U.S. Citizens living in California. While this lawsuit is a desperate attempt to right a single wrong its still to little and to late to undo all the damage of the mono party communist state of California. Its a failed state operating outside the authorities of the U.S. Constitution violating Articles IV, Section 4 and Article VI.

For New Californian's it is our GOD given "***Right it is our Duty***" to protect our Declaration of Independence, our Constitution and our Bill of Rights with all means necessary from a craven dictator.

We request an audience with the President and the Congress of these United States to plead our plight and consider the remedy to these abuses by the establishment of the New California State.

Insurrection

The government of California, the current socialist governor and mono-party system along with local officials are following a coordinated design with the intent to actively engage in *acts of insurrection* against the U.S. Constitution.

The **Insurrection Act of 1807** and the *Emergency Economic Powers Act* are United States federal laws that govern the ability of the President of the United States to deploy military troops within the United States to put down lawlessness insurrection, and rebellion.

Acts of Secession

Therefore the California government in conjunction with the socialist state executive, instituted wherever the current socialist governor has usurped power has created a reign of terror on United States Citizens living in California with the intent to **secede** from the United States of America and thus destroy the very **Union of States** which secures our **Liberty and Freedom**.

Abdication of Authority

Betrayal by the sitting socialist governor of California the mono-party legislature and local elected officials is evidence of **abdication** of their **responsibilities** of **authority** and **sovereignty** over the State and Citizens of the United States living in California.

Prayer

The Citizens of New California State Pray for the President to exercise his authority under the **Insurrection Act of 1807** or the *Emergency Economic Powers Act* to end the tyranny being foisted upon the United States Citizens living in California State.

This concludes these proceedings.
