Grievance 7

Declaration of Grievance

New California is a new state in development exercising its Constitutional Right to form from the State of California. The process to form New California is authorized and codified in Article IV Sections 3 & 4 of the United States Constitution.

Article IV Sections 3 United States Constitution states:

New States may be admitted by the Congress into this Union; but no new States shall be formed or erected within the [Jurisdiction](#) of any other State; nor any State be formed by the Junction of two or more States, or parts of States, without the Consent of the Legislatures of the States concerned as well as of the Congress.

New California Declaration of Independence of January 15, 2018 states:

“Whenever any Form of Government becomes destructive it is the Right of the People to alter or to abolish it, and to institute new Government.

When a long train of abuses and acts to seize and hold the people’s power without legal authority and pursuing invariably the same Object that clearly demonstrates a design to reduce them under absolute Despotism, it is their right, it is their duty, to throw off such Government, and to provide new Guards for their future security.

So it is the history of the past and present Governor and Government of California has a history of repeated injuries and usurpations, all having in direct object the establishment of a Tyranny over the Counties of New California and the State of California.

Whenever any Form of Government becomes destructive of these ends, it is the Right of the People to seek a constitutional remedy to the abuse of powers”.

Statement of Intent

The Citizens of New California have decided to remedy the abuse of power by the government of California by exercising their right to form a new state provided in United States Constitution Article IV Sections 3 and Section 4.

We are determined to live under a State Government in the United States of America and under the Constitution of the United States.

Therefore the Counties of New California bring forward 40 Grievances against the government of California to be announced in public on Tuesday at 11:00 am each week for 40 weeks.

State of New California

Grievance 7

Declaration of Grievance

United States Constitution Article IV Section 4 States:

The United States shall guarantee to every state in this union a republican form of government, and shall protect each of them against invasion; and on application of the legislature, or of the executive (when the legislature cannot be convened) against domestic violence.

Failure of the government of California to protect Citizens against invasion.

The California government, current governor and the mono party system of elected officials have created a tyranny for the Citizens of California by their illegal and unconstitutional creation of laws which they enacted that have caused an invasion of illegal foreign nationals.

The California government, current governor and the mono party system of elected officials have utilized the machinery of the state government to enable and facilitate by deliberate design a reprisal system of Sovereign Citizen replacement which favors illegal foreign nationals over Citizens of California and the United States of America.

By their deliberate actions year after year the California government, current governor and mono party legislatures have systematically destroyed California Citizens U. S. and California Constitutional rights.

The Sovereign Citizen reprisal system illegally and openly discriminates against California Citizens in education, finance, commerce, economy, and both local and statewide government so much so as to have created a repressive tyranny against the Citizens of California.

The net effect has led to massive homelessness for California Citizens, explosive student drop out rates from public schools, destruction of 2nd Amendment rights of the U.S. Constitution, the destruction of the middle class, massive voter fraud, an election system designed for one party rule, unrecoverable budget deficits, massive tax increases, deliberate efforts to restrict freedom of speech, press, assembly and religion.

The purpose of this invasion of illegal foreign nationals is to harm California Citizens destroy the sovereignty of the State of California and the United States of America.

Failure of the government of California to protect Citizens against violence

California state and local officials have openly engaged in illegal actions designed to harbor from federal authorities the arrest of violent criminals including murderers, rapists, child sex traffickers, arsonists, international cartel gangs. The net result has been to encourage open lawlessness among violent illegal foreign nationals who commit countless crimes against the Citizens of California.

When local and state officials become active participants along side the criminal illegal foreign nationals against the very Citizens they are sworn to protect then these officials have abdicated their responsibilities and authority over the very people they were elected to represent.

Therefore the California government in conjunction with the state executive, instituted wherever their usurped power extends, a reign of terror on the citizens of California and the United States of America.

By their own actions the California government and the current governor, and local elected leaders have abdicated their responsibilities and their authority over the people of California

This concludes these proceedings.
