Grievance 92

October 29, 2019

New California is a new state in development exercising its Constitutional Right to form from the State of California. The process to form New California is authorized and codified in Article IV Sections 3 & 4 of the United States Constitution.

Statement of Intent

The Citizens of New California have decided to remedy the abuse of power by the government of California by exercising their right to form a new state provided in United States Constitution Article IV Sections 3 and Section 4.

“We are determined to live under a State Government in the United States of America and under the Constitution of the United States.”

New California Declaration of Independence of January 15, 2018 states:

“Whenever any Form of Government becomes destructive it is the Right of the People to alter or to abolish it, and to institute new Government.

When a long train of abuses and acts to seize and hold the people’s power without legal authority and pursuing invariably the same Object that clearly demonstrates a design to reduce them under absolute Despotism, it is their Right, it is their Duty, to throw off such Government, and to provide new Guards for their future security.

Preamble of the New California State Constitution states:

We, the representatives of the undersigned Counties within the State of California, do acknowledge and humbly invoke the favor of Almighty God for continued civil and religious liberty to ourselves and our posterity....

First Amendment of the United States Constitution states:

"Congress shall make no law respecting an establishment of religion, or prohibiting the free exercise thereof; or abridging the freedom of speech, or of the press; or the right of the people peaceably to assemble, and to petition the government for a redress of grievances."

The Counties of New California bring forward 95 Grievances to be announced in public on Tuesday at 11:00 am.

State of New California

Grievance 92

Declaration of Grievance Statement of Facts

The people of California are suffering from a tyrannical state government which fails to provide a republican form of governance, enables and supports across its southern border the invasion of the United States of America by illegal foreign nationals and protects vicious criminals who commit outrageous acts of violence upon the Citizens of America all caused by a government of and for a mono-party system lead by a tyrannical dictator who openly defies federal law.

California State Government is in Direct Violation of the Following:

United States Constitution Article IV Section 4

"The United States shall guarantee to every state in this union a republican form of government, and shall protect each of them against invasion; and on application of the legislature, or of the executive (when the legislature cannot be convened) against domestic violence."

United States Constitution Article VI

This Constitution, and the Laws of the United States which shall be made in Pursuance thereof; and all Treaties made, or which shall be made, under the Authority of the United States, shall be the supreme Law of the Land; and the Judges in every State shall be bound thereby, any Thing in the Constitution or Laws of any State to the Contrary notwithstanding.

**ORDER OF THE DAY
DESTROY CALIFORNIA**

A mono party system of government led by communist legislators and a socialist governor use **Hitlarian, Stalinist and Maoist** tactics as tools against United States Citizens living in California while working in direct collusion with a network of non profit, non governmental organizations and a complicit media to destroy the state of California.

If you don't keep up with California's faux power outages, ask yourself would these 'black-outs' of counties be left or right leaning political strongholds?

Shutting off the power is not just a disaster for ordinary homeowners, but what about businesses, transportation, traffic lights, schools, emergency vehicles, police, post offices, government offices, hospitals, medical clinics, gas stations, and those daily trips to jobs and careers?

While most Americans would look upon this as pure government corruption, the communist state legislature and the socialist governor see it as their 'right' to rule since they know what is best for the **people**.

If the totalitarian state government can get away with these power outages, then they will be able to take it to the next level and turn California's rural counties into third-world style countries where electricity is not allowed. For the communist state legislature and the socialist governor this is a dream come true to manage opposition under the pretext of 'improving public services.'

Take a moment to research the 'Red' rural counties in California and know they are now targets of the State.

There are 43 of the 58 counties of the state involved with deliberate power outages all in the spirit to stop the extreme fires that have been caused by the negligence of the California state government. *All 43 counties are in the proposed borders of the New California State.*

Let's be clear the fault of the extreme fires rests with those in the California government who are now actively attempting to take complete control of the people.

California is now in complete free fall as a state with this current round of **power** blackouts. If you're currently living 'under' this totalitarian controlled government, you must by now understand they demand complete **power**. They are finally getting the 'iron fist' needed to impose totalitarian insanity upon the sane.

The reality check for the California communist state legislature and the socialist governor is that the level of ever increasing violence in the state is of their own design. They legislate new laws that make legal gun owners into felons, force oppressive regulations and change the California constitution to encourage lawlessness while pandering to criminal cartels. **Hitler, Stalin and Mao** would be proud of the California mono party system and its socialist governor.

There is one hope and that is a new constitution that the State of New California will provide to those in New California State.

California's mono-party political machine, its socialist Governor, along with communist state legislators, socialist elected officials, agencies, and unelected regional governance boards, are colluding to create a pure totalitarian communist California state in direct violation of both Article IV, Section 4 and Article VI of the United States Constitution.

Insurrection

The government of California, the current socialist governor and mono-party system along with local officials are following a coordinated design with the intent to actively engage in **acts of insurrection** against the U.S. Constitution.

The **Insurrection Act of 1807** is a United States federal law that governs the ability of the President of the United States to deploy military troops within the United States to put down lawlessness insurrection, and rebellion.

Acts of Secession

Therefore the California government in conjunction with the socialist state executive, instituted wherever the current socialist governor has usurped power has created a reign of terror on United States Citizens living in California with the intent to **secede** from the United States of America and thus destroy the very **Union of States** which secures our **Liberty and Freedom**.

Abdication of Authority

Betrayal by the sitting socialist governor of California the mono-party legislature and local elected officials is evidence of **abdication** of their **responsibilities** of **authority** and **sovereignty** over the State and Citizens of the United States living in California.

Prayer

The Citizens of New California State Pray for the President to exercise his authority under the Insurrection Act of 1807 to end the tyranny being foisted upon the United States Citizens living in California State.

This concludes these proceedings. *newcaliforniastate.com* (877) 828 2753
