## Statement of Intent

The Citizens of New California have decided to remedy the abuse of power by the government of California by exercising their right to form a new state provided in United States Constitution Article IV Sections 3 and Section 4.

***“We are determined to live under a State Government in the United States of America and under the Constitution of the United States.”***

### **New California Declaration of Independence of January 15, 2018 states:**

*“Whenever any Form of Government becomes destructive it is the Right of the People to alter or to abolish it, and to institute new Government.*

*When a long train of abuses and acts to seize and hold the people’s power without legal authority and pursuing invariably the same Object that clearly demonstrates a design to reduce them under absolute Despotism, it is their **Right**, it is their **Duty**, to throw off such Government, and to provide new Guards for their future security.*

*The history of the present Governor and Government of California is a history of repeated injuries and usurpations, all having in direct object the establishment of a **Tyranny** over the Counties of New California and the State of California.*

### **Preamble of the New California State Constitution states:**

*We, the representatives of the undersigned Counties within the State of California, **do acknowledge and humbly invoke the favor of Almighty God for continued civil and religious liberty to ourselves and our posterity....***

### **First Amendment of the United States Constitution states:**

***“Congress shall make no law respecting an establishment of religion, or prohibiting the free exercise thereof; or abridging the freedom of speech, or of the press; or the right of the people peaceably to assemble, and to petition the government for a redress of grievances.”***

### **Fourth Amendment of the United States Constitution states:**

***The right of the people to be secure in their persons, houses, papers, and effects, against unreasonable searches and seizures, shall not be violated, and no warrants shall issue, but upon probable cause, supported by oath or affirmation, and particularly describing the place to be searched, and the persons or things to be seized.***

# STATE OF NEW CALIFORNIA DECLARATION OF TRUTH WE THE PEOPLE

The people of California are suffering from a tyrannical state government, which fails to provide a republican form of governance, enables and supports across its southern border the invasion of the United States of America by illegal foreign nationals and protects vicious criminals who commit outrageous acts of violence upon the Citizens of America, all caused by a government of and for a mono-party system, lead by a tyrannical, pusillanimous dictator who openly defies federal law.

## CALIFORNIA STATE VIOLATES:

### United States Constitution Article IV Section 4

*"The United States shall guarantee to every state in this union a republican form of government, and shall protect each of them against invasion; and on application of the legislature, or of the executive (when the legislature cannot be convened) against domestic violence."*

### United States Constitution Article VI

*"This Constitution, and the Laws of the United States which shall be made in Pursuance thereof; and all Treaties made, or which shall be made, under the Authority of the United States, shall be the supreme Law of the Land; and the Judges in every State shall be bound thereby, any Thing in the Constitution or Laws of any State to the Contrary notwithstanding."*

### United States Constitution First Amendment

*"Congress shall make no law respecting an establishment of religion, or prohibiting the free exercise thereof; or abridging the freedom of speech, or of the press; or the right of the people peaceably to assemble, and to petition the government for a redress of grievances."*

### United States Constitution Fourteenth Amendment

*"Section 3: No Person shall be a Senator or Representative in Congress, or elector of President and Vice-President, or hold any office, civil or military, under the United States, or under any State, who, having previously taken an oath, as a member of Congress, or as an officer of the United States, or as a member of any State legislature, or as an executive or judicial officer of any State, to support the Constitution of the United States, shall have engaged in insurrection or rebellion against the same, or given aid or comfort to the enemies thereof. But Congress may by a vote of two-thirds of each House, remove such disability."*

# WE THE PEOPLE

The State of California is in constitutional default and does not have constitutional standing as a member state in the union of states called the United States of America. We the People, as citizens of the United States living in California, are following the process of West Virginia, which successfully restored the Virginia state government after the Wheeling Conventions of 1861. Congress admitted California into the Compact of Statehood within the United States of America in 1850 because their 1849 Constitution, ratified for consideration, guaranteed a *republican* form of government.

The exclusion of We The People from the legislature and the legislative process in California has long been one of concern to Californians. As each year goes by, the overbalance of the bureaucracies' influence in all elements of the legislative process has created a bureaucratic state that has drowned out the voices of the very People the *servants* are to serve.

Perhaps there is no better explanation of the exclusion of the People than from one of the People's servants, who has witnessed the exclusionary process intensify to the point where the People are all but forgotten. California state Senator Jim Nielsen (R-Red Bluff) departs the legislature because of term limits at the end of this term. In a September 2022 article from the Epoch Times, Senator Nielsen reflected on his years in the California Legislature, which spanned from 1978 to 2022. The following are excerpts from that article:

*California budgets long were crafted and presented to the Legislature by what was called the Gang of Five, consisting of the governor and the Republican and Democratic leaders (majority and minority) in both the Assembly and the Senate. That was because it required a two-thirds vote of both houses to pass a budget bill.*

*Two things changed this process. First, in 2010 voters passed Proposition 25, which dropped to a majority vote the threshold to pass a budget, except for tax increases. That meant the Republican minority largely was frozen out.*

*Second, since the 2018 election, Republicans have held a superminority—less than one-third of the votes—in each house.*

*“The older system was much better,” Nielsen said. “It was a matter of bipartisanship, and members were more concerned with the process and the procedures of the*

*institution. We were making a statement and taking a stand that we can work together on some things and be effective.”*

*That “atmosphere changed” with the Republicans dropping down to superminority status in 2018, Nielsen said. “Now the Democrats just purposefully, and not inadvertently and not just even politically, just cut the Republicans out. There’s just no place. That’s disappointing. And it does not bode well for the institution. If they’re going to operate as a dictatorship, it’s not good for the people.”*

***The worst problem of all is not what they’re doing with the Republicans, but they’re cutting out the public.***

*“For example, when we have hearings, we have at the end of a hearing public comments. Well, that used to people would come, and they’d stand up, and line up, and talk, and say what they wanted to say. The chair could control it, and keep it rolling along.*

*“Well then, we’ve come to now, where you get two people three minutes for an issue, then two people three minutes against. Then everybody else gets to call in and all they get to say is, ‘I’m Jim and I like it’ or ‘I’m Jim and I don’t like it.’ That is no public input. It’s a disgrace and a fraud to call it that. And I’ve complained about that. But they don’t care. They don’t care because this is convenient. And OK, it’s convenient, but it sure cuts the public out.”*

***The new budget process, Nielsen said, “gives the Democrat leaders and the governor far too much power.”***

*He referred to Newsom’s March 4, 2020, Declaration of a State of Emergency at the beginning of the COVID-19 pandemic. Some of that state emergency remains in effect.*

*Speaking of state governors as well as the U.S. president, Nielsen said, “The worst abuses of executive branches—plural—is emergency authority, declarations of emergency. And the ability of the governor to usurp the power and center it more in the executive branch of government. That’s exactly what’s happened. That cuts the Legislature out. And that’s all purposely done.”*

***Why didn’t the Democrats who run the Legislature protest against the COVID emergency?***

*“There will always be an ongoing emergency in effect, because it’s convenient for the governor,” he said. “The Democrats don’t seem to care. They don’t complain about it. They just go, ‘OK.’ I put bills in that would have forced termination criteria external to the executive branch. They couldn’t just unilaterally decide when to put them on and when to put them off. But the point is, there’s no real exit date—60 days or 70 days or whatever—you have to extinguish the emergency. Or at least you have to stop, pause, and review it, and assess whether it still was required.*

***“And again, this was more convenient government, and more centering of the power, and taking it away from the people.”***

*“I speak about it literally every day, in every forum,” Nielsen said. “My central theme for a long time here has been you, the citizens, have lost control of your government. You need to get it back. How do you do that? You have to get actively involved in your community, get personally acquainted with your legislators, and spend a lot of time with them, watching them, meeting with them, talking with them, communicating with them. And it’s going to require some energy. Just signing your name to a petition, or just a mass deluge of letters, doesn’t help a bit. It doesn’t even count. You’ve got to re-establish relationships with your local legislators. So they see you, they know you, and you can help hold them accountable.*

*“The best thing that’s happened in the last two years is with COVID. All of a sudden, the schools have had more scrutiny than you’ve had before, because they were doing remote. That’s a boondoggle we’ve also got to stop, doing everything remote. But that said, the parents got to look into the classroom, and they didn’t like what they saw. So what have they done? Well, they’ve recalled a bunch of school board members across the country.*

*One of the Legislature’s worst tricks is called “gut and amend” and is little known to the general public. One bill, say on naming a park, is “guttled” entirely, its wording replaced with an “amended” wording that’s on an entirely new subject, such as spending on a pork project.*

*“They absolutely love it,” Nielsen said. “It’s the best way to make a sneaky deal. It’s so covert. No review. No opposition Republican input. The Legislature has figured out how convenient that is”.*

#### **Protection of States Guaranteed Republican Form of Government**

***“The United States shall guarantee to every state in this union a republican form of government....”***

**The Founding Fathers (Framers) made it clear a republican form of government was the only government for the United States.**

*“When the representative body have lost the confidence of their constituents, when they have notoriously made sale of their most valuable rights, when they have assumed to themselves powers which the people never put into their hands, then indeed their continuing in office becomes dangerous to the state” ~ **Thomas Jefferson***

California has been operating as a democracy since 1879, and this democracy has become a totalitarian dictatorship, lacking in all aspects of a republic as demanded by the 1787 United States Constitution. Congress admitted California into the Compact of Statehood within the United States of America in 1850 because their 1849 Constitution, ratified for consideration, guaranteed a **republican** form of government. By their own admission, now gone is that guarantee of a republican form of government by the State of California.

As the **“Framers”** Adams and Madison stated:

*"Remember, democracy never lasts long. It soon wastes, exhausts, and murders itself. There never was a democracy yet that did not commit suicide." ~ **John Adams***

*"Democracies have been found incompatible with personal security or the rights of property; and in general been as short in their lives as they have been violent in their death." ~ **James Madison***

“We, the citizens of the State of New California, and the sovereign Counties that lie within, united by our United States Constitution, declare that this newly formed and sovereign State and this nation, under God, shall have a new birth of freedom—and that government of the people, by the people, for the people, shall not perish from the earth.”

The evidence is now clear that patterns and acts of **DISLOYALTY** are on full display daily against *We the People of California and We the People of the United States*. Not only on the federal level, but on the state and local levels, as well from City Councils, County Board of Supervisors, and School Boards, which have become hot beds of open, seditious disloyalty against all of their constituents and the Constitution of the United States.

**For those who don't understand the United States Constitution,  
the “Government” is “We the People”.**

In New California State, we echo the thoughts, convictions, principles, and ideals of the Founders of the United States of America. **We the People** will retain our humanity, our natural and unalienable rights, and our autonomy, free from the shackles of slavery to *any form of government*.

**The overt nature of their totalitarian lust for control of every aspect  
of the lives of “We the People” is now openly on display.**

# ACTS OF INSURRECTION

The government of California, the current socialist governor/dictator and mono-party system, along with local officials, are following a coordinated design with the intent to actively engage in “Acts of Insurrection” against the United States Constitution.

# ACTS OF SECESSION

The government of California, in conjunction with the socialist state executive, instituted wherever the current socialist governor/dictator has usurped power, has actively engaged in “Acts of Secession” and has created a reign of terror on United States Citizens living in California, with the intent to **secede** from the United States of America to thus destroy the very **Union of States** which secures our **Liberty and Freedom**.

# ABDICATION OF AUTHORITY

Betrayal by the sitting **pusillanimous**, socialist governor/dictator of California, the mono-party legislature and local elected officials is evidence of “Abdication of their Responsibilities of Authority and Sovereignty” over the Citizens of the United States living in California State.

**New California State is a new state in development forming from the State of California. New California State is exercising its God Given Rights as declared in the 1776 United States Declaration of Independence and as ratified in the 1789 United States Constitution under Article IV Section 3. New California is the making of a new state just like 50 other states have been formed to make Union of States.**
